CANOE NOOSA EVERGLADES

An Active Day Tour

SUNDAY 14 NOV | 28 NOV | 23 JAN 22

An Active Escapade that connects you with one of the world's most pristine environments – a Noosa Everglades wilderness experience is suitable for everybody. Your Active Escapade begins with a private Yoga session on the shores of Lake Cootharaba before boarding the wilderness cruise to Fig Tree Point for a short walk to discover this historic indigenous meeting place. From here you will paddle a Canadian style canoe upstream through ancient landscapes, mirrored waterways & sub-tropical rainforest for morning tea and a swim at Harry's Hut. The Noosa Everglades are recognised as one of the most spectacular canoeing adventures in Australia - a place you MUST see to believe.

Upon return to Habitat Noosa Eco camp you will be served a chef prepared roast lunch in the CootharaBAR overlooking the majestic national park and pristine waters of the upper Noosa river. Enjoy a couple of beers of your choice from the Eco Brewing company. This artisan beer is distilled with water from the great sandy mass aquifer, filtered through sand and gravel for over 75 years before reaching the distillery. The result is fresh, world class beer brewed on site; a 100% natural beer, free of preservatives, additives or flavours.

This afternoon remain at CootharaBAR or set off on a guided walk to Mill Point Settlement Site; a heritage-listed former settlement, once a thriving saw mill township dating back to 1860, rich in history and incredible stories.
